v4.0 is available by DOWNLOAD

- Visit www.gwhl.co.uk and download software onto **CD/DVD** or **USB Pens** for *transfer*
- If you wish us to supply pre-loaded **USB Pens** to you, these are available at **£9.99 each**

v4.0 is also available on CD/DVD - ON REQUEST

- Call GW Technical Support on: **01332 228480** or email on: support@gwhl.co.uk

Installation Instructions

- Your Infiniti or Evolution terminal **must** have **v3.1.07** (or later) software already installed
- To begin, open the top and bottom doors and press **Test Switch** to enter **Maintenance Mode**
- Insert your **CD/DVD** or loaded **USB Pen** into **Tower** and press **Load Update**
- After accepting the 'EULA' installation will proceed
- Wait for the **v4.0** software to install. This will take 10 minutes
- When this is complete the Infiniti/Evolution will *automatically* reboot
- **WARNING:** Do **NOT** turn the machine off during this process
- Remove **CD/DVD** or **USB Pen** from **Tower** and close and lock both doors to complete installation
